WELCOME

seeing a bigger picture

Welcome to the community of artists at LSU. This guide is intended to help make your adaptation to the complex and sometimes bewildering process of being a graduate student a little bit easier by outlining the requirements and procedures for pursuing the MFA program in studio art and the MA program in Art History. Individually and collectively you are integral stakeholders in this community; for, along with faculty and staff, you will assume many important and meaningful responsibilities not just in the day-to-day functioning of the school but also in the development and expression of a personal and collective vision of what mastery means in this context.

While the purpose of this guide is to provide a basis for what you can expect and what is expected of you, you will also receive guidance from the faculty in your chosen concentration, your graduate review committee, your thesis committee and of course, your graduate peers; each of whom is dedicated to the mission of raising their work to the highest professional levels and continually expanding their individual practice as a creative professional or as a scholar.

MASTER OF FINE ART {MFA} IN STUDIO ART

Areas of focus include ceramics, graphic design, painting and drawing, photography, printmaking, sculpture, and digital art. Degree regulations include full-time residency, maximum of five years to complete, minimum of 9 credit hours per semester, exhibition of specific thesis project, written thesis report, oral defense and digital submission of images of the work (pages 29-30 for instructions on how to submit).

Students admitted into the MFA program must complete a minimum of 60 hours of graduate level credit over the course of three years. A student may petition their graduate review committee and the Graduate Coordinator for approval to complete the program early, as long as the 60 credit hours are completed.

MFA IN STUDIO ART - 60 CREDIT HOURS

| | |
|--|---------------|
| • Minimum credit hours of Graduate Studio* <i>minimum credit hours of Art 7000 Graduate Studio</i> | 24 hrs |
| <i>9 of these credits are required to be in area of focus</i> | |
| • Studio Art/General Electives* <i>which may be taken in any specialization including your area of focus at 4000/7000 level</i> | 12 hrs |

| • Art 7042 Professional Practices Seminar | 3 hrs |
| • Art 7881 Reading Seminar | 3 hrs |
| • Art 8000 (thesis research – 2 semesters, minimum 3 credit hrs each) | 6 hrs |
| • Total Hours | 60 hrs |

**no more than 24 credit hours in studio art and art history may be taken at the 4000 level*

Up to 12 hours of graduate credit may be transferred from NASAD-accredited institutions within the United States. For restrictions, please see the Graduate School Bulletin under “transfer of credit.”

MASTER OF ARTS {MA} IN ART HISTORY

Students seeking admission into the graduate art history program must meet with the coordinator of that area. For the MA degree in art history, students must complete a minimum of 30 semester hours of graduate-level credit (including 6 hours of thesis credit). Other requirements include: maximum of five years to complete, thesis, reading knowledge of French or German, and comprehensive exam in field of specialization. The major professor oversees all degree work. Information on the “non-thesis” option may be obtained from the art history area coordinator.

Please note—Graduate students must assume full responsibility for the knowledge of rules and regulations of the Graduate School and the School of Art. Deadlines and due dates for various requirements can be found in the General Catalog and the Graduate School Bulletin which are available on-line. The Graduate School Calendar listing important deadlines and due dates is included in this handbook and is also available online.

COURSE REGISTRATION

Specific registration dates are announced in the Graduate Calendar for each semester. Registration is completed on-line via the myLSU system.

Students should access the Registration Booklet/Schedule of Classes through the Office of the University Registrar website—<http://app1003.lsu.edu/slas/registrar.nsf/index>

1. A full time graduate student is in at least 9 hours of coursework
2. 50% of any load of coursework must be at the graduate level

ACADEMIC REQUIREMENTS

The graduate grading system, course loads, academic standing, transfer credit policies, etc., are explained in the General Catalog and the Graduate Bulletin (both available online).

ASSISTANTSHIPS

Each studio area has different requirements for the employment of assistants (20 hour assistantships). The duties and responsibilities of each assistant are established by the School of Art through the area coordinators. Duties may include studio, classroom, and shop monitoring, shop work, classroom assistance, teaching, and externally funded assignments. University policies describing workloads, preparation, record keeping, employment, and faculty evaluation of assistantships are included in PS-21 and PS-8S.

Teaching Assistants (Instructors of Record) have special instructional responsibilities: see PS-30 on Student Privacy Rights and PS-44 on Grades; PS-22 on Student Absences; PS-50 on Responsibilities; PS-29 on Eating, Drinking, and Smoking in Classrooms; PS-76 on Policy on Smoking; and PS-74 on Sexual Harassment. (LSU Policy Statements may be found by entering the PS number in the LSU Home Page search box).

MFA GRADUATE REVIEWS

All MFA students will participate in a graduate review each semester through the first and second year. Students passed on to thesis are exempt from graduate reviews which are normally held in the latter part of each semester. The Graduate Coordinator establishes the review schedule and review committees, and approximately one month prior to the reviews, will provide the students and faculty with a review schedule and committee assignments. The Graduate Coordinator will appoint a representative from the respective area to serve as a chair for each committee. The reviews are conducted by five-member committees from the graduate faculty, at least two of whom will represent disciplines outside a student's area of focus. Modifications to the review schedule will only be made in extreme circumstances.

Students are responsible for selecting a suitable campus location for their review subject to the approval of their chair. Committee members must be notified in writing at least one week prior to the event. Students should discuss the proposed format of their presentation with the committee chair and must seek approval from the chair before inviting other LSU graduate faculty as guests to their review. The use of sound, film, or video recording devices is not permitted; however, a fellow graduate student may take notes. The note taker must refrain from commenting or otherwise disrupting the discussion.

Prior to the graduate review, all students are required to submit an artist statement, not to exceed one page in length, to the members of their review committee. The artist statement should first be revised in consultation with and approved by the student's review chair before the final draft is

submitted to committee members. A digital copy of the artist statements must be sent out to each member of the committee in addition to a hard copy placed in their mailbox, no later than 9 am on the day prior to the review.

The artist statement is a written document that communicates to the committee the ideas embodied in the works to be reviewed, and how the ideas further relate to the visual or material forms that the student has chosen to work with. The goal of the artist statement is to prepare the student for the review, serving as a starting point for the presentation and discussion that takes place during the review.

GRADUATE REVIEW FORMAT

Students are expected to begin their review with a presentation to the committee. This normally includes a verbal presentation with pertinent examples of current work. One may also include examples of past work; outline conceptual concerns, and current objectives. The first semester review should also reference the student's educational background and must include examples of past work. At the conclusion of the presentation, committee members will question the student, point out relevant strengths or concerns in respect of the work, and offer helpful suggestions. A maximum of one and one-half hours are allowed for each review. The chair will then close the discussion and excuse the student. The committee will then discuss the merits of the art work presented. Each committee member will submit written observations to the chair.

The committee will also recommend one of the following options for the Graduate Review Report:

- **Satisfactory Work**—The student is making satisfactory progress in the program.
- **Passed on to Thesis**—Customarily, a student is eligible to form a thesis committee after the fourth semester review. With consent of the chair, however, students who intend to petition their committee for early completion may do so during the third semester review.
- **Unsatisfactory Work**—A student who is not making satisfactory progress in the program is placed on School of Art probation and will be dropped from the program unless satisfactory progress is shown at the next semester's review. In addition, the committee may request a meeting with the student's area coordinator. The committee may recommend a plan that reduces or eliminates assistantship duties, requires remedial work, and/or credit hour limitations only with the approval of the faculty within the student's area of focus. If the student receives a second unsatisfactory at any point during the first four semesters, the student will be dropped from the program. A student receiving an unsatisfactory is responsible for scheduling a meeting with their chair to clarify the nature of the unsatisfactory rating. The chair will also clarify the steps to be taken by the student to improve their performance to the satisfactory level.
- **Deferred**—A student's review is deferred only under extraordinary circumstances where special scheduling is approved by the area and the director

The chairs will forward committee recommendations and observations to the Graduate Coordinator within two days of the review. Final assessment and official determination by the graduate faculty will take two weeks to complete. The coordinator will give copies of committee observations and recommendations to each student. These materials will also be included in the student's file. In the event the graduate faculty disagrees with a committee's recommendation, the coordinator will schedule a supplementary review to be conducted by the entire graduate faculty. Students are entitled to submit letters of dissent and to appeal the recommendation of the graduate faculty formally through the Graduate Coordinator (see PS-48).

THESIS PROCEDURES

Students who are passed on to thesis may select a major professor from the studio art graduate faculty with the approval of the Graduate Coordinator. The major professor, customarily from the student's area of concentration, then becomes the chair of the student's thesis committee.

The committee is composed of a minimum of three members (maximum of five) selected primarily from the above group. Students then solicit other faculty to complete the committee subject to the approval of the chair. Two members must be from outside the student's area of concentration. At least one member must possess "full member" status within the graduate faculty. It is recommended that an art historian be included on the committee. A committee may include a member of the LSU graduate faculty from outside of the School of Art if approved by the Graduate Coordinator. Emeritus School of Art Faculty may be selected to serve as voting or advisory members of thesis committees.

Students in first semester of Thesis Research (ART 8000) must submit a one page typed thesis proposal to their committee chair no later than the tenth day of the semester. This concise proposal must include a title and should touch on the following questions: What will be the focus of the studio work, why will this new work be significant to the student's development, and how will the work be carried out? In addition to the title, the student should also include materials/media, themes, and a well thought out concept. The proposal must be reviewed by the committee chair before it is distributed to the committee. A thesis proposal meeting will be scheduled during the first three weeks of class. The meeting will include all members of the student's committee. After the proposal is thoroughly discussed and approved, the student may begin work on a thesis project to include the approved studio work and written thesis report. Two copies of the approved proposal and a list of thesis committee members must be submitted to the Graduate Coordinator. The thesis project is to be completed over a minimum of two semesters.

Notes on the thesis report—The report may summarize or recount aspects of the creation of the studio work. A paper length of ten to twenty-five pages that includes images of the thesis exhibition work is normal. A typed draft must be given to the committee chair for review and correction at least four weeks prior to the scheduled oral examination. The final draft of the report must be submitted to the committee members at least one week prior to the examination. Students must use the Graduate School's Guidelines for the Preparation of Theses and Dissertations. Helpful links can be found at the Graduate School website—<http://sites01.lsu.edu/wp/graduateschool/>

TIPS FOR THESIS REPORT PREPARATION

- Prepare six to eight medium resolution electronic (jpeg) images.
- Endnotes are really the same as footnotes, except they are located at the end of the paper rather than at the bottom of the page. These are optional.
- The bibliography is a list of books, articles, or other published sources used for ideas, paraphrases, or direct quotations. If included, it must be prepared according to accepted scholarly standards.
- Follow the Graduate School guidelines for the preparation and electronic submission of the thesis at the following link— <https://sites01.lsu.edu/wp/graduateschool/files/2014/02/Thesis-and-Dissertation-Guidelines.pdf>

The "Major Field" is Studio Art.

It is the student's responsibility to follow the graduate school dates and deadlines as they are different from the School of Art deadlines with respect to the thesis process.

GRADUATE SCHOOL CALENDAR Fall 2017

1. Continuing students must schedule fall semester courses by 7:00 p.m. on July 12, 2017. Payments must be received by August 3, 2017, or you will lose your scheduled courses. Fee bills are not mailed to students. You must pay fees through your MyLSU account or at the Office of the Bursar.
2. Continuing students who schedule after July 12, 2017, will be assessed the \$75 late registration service charge.
3. **CANDIDATES FOR DEGREE** should access the Application for Degree form before the deadline at: <http://www.lsu.edu/graduateschool/current-students/enrolled-student-forms.php>.

*Applications for Degree submitted in a previous semester must be updated in writing.

Final exams must have been taken in a previous semester. See "degree-only" registration in the Graduate Section of the **Prior to NOVEMBER 16, Jen will print out this paperwork for the committee chair to be signed by the committee members at the completion of the student's defense

MASTER'S EXAMINATION

The student prepares and submits an Application for Master's Degree to the Graduate School (check critical dates). Two copies of this form are due to the Graduate Coordinator two weeks prior to the Graduate School deadline.

The request for Master's Examination and Degree Audit form (with the list of the thesis committee members) is submitted to the Graduate School at least two weeks prior to the oral examination deadline or by the deadline for degree candidates (September 1), whichever comes earlier. Note: one must pay close attention to these dates. The Graduate Coordinator will send out reminders via email.

An MFA candidate must schedule an exhibition or presentation of the completed thesis project. Previous studio work may not be included, nor any work completed outside of the approved thesis proposal. The School of Art Gallery in Foster Hall and the Alfred C. Glassell Jr. Gallery at the Shaw Center are customary venues for the exhibition and the oral examination. Other exhibition and exam sites must be approved by the thesis committee. Early in the term prior to the one in which one expects to graduate, the Gallery Director and the Graduate Coordinator will schedule a critical meeting at which all thesis exhibitions will be scheduled for the above galleries.

After the oral examination, the student may need to revise and correct the thesis report, incorporating recommendations made by the committee. The revised report is then resubmitted by the student to the committee chair for final approval. The completed Master's Examination Form with faculty signatures is then submitted by the committee chair to the Graduate School. One copy of the completed thesis report is submitted to the Graduate School editors (with whom one must schedule an appointment; see Graduate School Guidelines) in a PDF format for review. The final version will be submitted electronically by the student. One printed copy of the thesis report should be submitted by the student to the Art Office. Examples of earlier submitted thesis reports can be found by going to the EDT link on the Graduate School web site. Check Graduate School deadlines and required procedures for preparing the thesis report with visual materials.

The submission to the school, through the committee chair, of digital images of the individual works from the thesis exhibition at the time of the defense is a requirement for the degree. (MFA thesis portfolio guidelines are attached on pages 29-30)

Scheduling problems with the gallery, the examination, or the completion of the report within official Graduate School deadlines can lead to a postponement in conferring the MFA degree. The student may need to register for a "Degree Only" semester should this occur. This normally happens in the summer, and the degree is conferred at the end of that term. The student does not need to take classes for "Degree Only".

Degree only is quite common for our graduate students because of the early date for paperwork and the scheduling of thesis exhibitions.

In order to be eligible for "Degree Only" registration, the following requirements must be met:

- All degree requirements, including final examinations, must have been completed in a previous semester.
- The thesis must have been submitted to and approved by the Graduate School before the last day to add courses in the current semester.

If eligible for "Degree Only" registration, the student must complete the following procedures before the last day to add courses:

- Submit or update the application for degree to ensure inclusion on the commencement list.

- Submit the thesis for approval by the Graduate School.
- Submit completed final Exam Result forms for approval by the Graduate School.
- Verify with the Graduate School that the Degree Only registration has been cleared.
- Complete walk-through registration (including the payment of graduation fees) either through myLSU or in 114 Thomas Boyd Hall.

COMMENCEMENT

Your participation in commencement is highly encouraged. Please remember to order a cap, gown, and specified hood from the Student Union Bookstore.

Summer–School Graduate students who have been on assistantship during the previous fall and spring semesters are eligible for tuition exemption, however, students who do not have an assistantship are not eligible. A limited number of assistantships may be available for the summer term, which must be applied for in the School of Art Office during the spring semester.

STUDIOS

Graduate students may be assigned private or semi-private studio spaces by their area. These studios must be properly maintained according to School and University regulations. Smoking, alcohol, pets, and drug use are strictly prohibited (PS-67). Graduate studios may be inspected by the faculty, Campus Safety, or Campus Police. **No student may change the location of their studio or occupy additional spaces without final approval from the Associate Director through the submission of the SoA Space Request Form (page 33)**

SCHOOL OF ART GALLERIES

The School maintains two exhibition spaces: the School of Art Gallery in Foster Hall and the Alfred C. Glassell Jr. School of Art Exhibition Gallery in the Shaw Center. These facilities have exhibitions scheduled throughout the year. The School of Art Galleries are the primary location for all graduate thesis exhibitions. The Glassell Gallery exhibits work by Louisiana State University students and faculty, as well as work by local, national, and international artists unaffiliated with LSU. The Gallery Coordinator is in charge of these spaces and should be contacted for all installation policies. Students wishing to schedule an exhibition other than their thesis show must submit their request to the Gallery Coordinator. Receptions held at either gallery must conform to University guidelines regarding food service (PS-60) and alcohol usage (PS-78).

GRADUATE STUDENT TRAVEL FUNDS

Check the Graduate School Financial Assistance link online for guidelines and application.

SAFETY

The personal safety and health of students, staff, faculty, and the visiting public are primary concerns of the School of Art. Studio, classroom, and shop monitors must adhere to safety guidelines of both the University (see PS-19) and the School. Statements and special guidelines on safe studio practices are set by the area coordinators and the Director of the School of Art.

SERVICES

The School of Art and the College of Art and Design operate several computer labs. A myLSU login and password is required to use these resources. All labs require tiger-cash for paper output. For the School of Art print-lab, an appointment must be made in advance with Luisa Restrepo at lrestr1@lsu.edu

CxC LAB

LSU Communication across the Curriculum (CxC) is a university-wide academic excellence program that works to improve the written, spoken, visual, and technological communication skills of undergraduates while deepening students' understanding of discipline-specific course content.

DEGREE ONLY REGISTRATION

What is “Degree Only”? Students, who have completed all degree requirements, including final examinations taken in a previous semester, may register for “degree only” and graduate in the following semester. A student may not be registered for courses while registered for “Degree Only” and will pay only the graduation fee. **Master’s degree fee:** \$35; processing fee, \$20 **Doctoral degree fee:** \$55; processing fee, \$35

Requirements (Eligibility): The following must have been completed in a previous semester (semesters end on commencement day):

- All coursework for the degree
- The final exam (project or thesis/dissertation defense)
- Submit or update the Application for Degree by the “Degree Only” deadline (see GS calendar)
- **Meet all other Graduate School deadlines for timely paperwork submission.**

DOCTORAL & MASTER THESIS CANDIDATE’S:

1. The ECE Graduate Program Office submits your final/oral exam results to the Graduate School the prior semester.
2. At this time you should notify the Graduate Records Office (114 David Boyd/578-3181) of your intent to register “Degree Only” by completing or updating an Application for Degree.
3. Your thesis or dissertation must be submitted to and approved by the Graduate School by the “Degree Only” deadline in the semester in which you plan to graduate*. (See the current semester academic calendar).
4. MS Thesis or Doctoral Dissertation Approval Sheets must also be received and approved by the “Degree Only” deadline in the semester in which you plan to graduate. (See the current semester academic calendar).
5. An MS Thesis/Doctoral **student WILL NOT be added to the Degree Only list** until the Graduate School has received the Application for Degree, the final edited Thesis/Dissertation and the Approval Sheets by the deadline.

***Process for Thesis/Dissertation Submission:**

- Turn in a paper PDF copy of your thesis or dissertation at 114 David Boyd. This begins the turn-in process.
- When the Graduate School editor has reviewed your document, she will call/email you to give any corrections.
- You will receive a special log on ID and password; use this to upload your corrected files on the ETD site.
- At this time you should notify the Graduate Records Office (114 David Boyd/578-3181) of your intent to register “Degree Only.”
- Do not upload your document until the editor has instructed you to do so.

MASTER NON-THESIS CANDIDATE’S:

1. The ECE Graduate Program Office submits your final/oral exam results to the Graduate School the prior semester.
2. At this time you should notify the Graduate Records Office (114 David Boyd/578-3181) of your intent to register “Degree Only” by completing or updating an Application for Degree.

3/17/2014

Registration Overview:

1. Once the above steps have been completed, confirm via MYLSU that you are scheduled "Degree Only" or check with the Graduate School for confirmation.
2. Pay your graduation fees to complete your registration at either the Bursar's Office, 125 Thomas Boyd, or on MYLSU. Students will not be registered "Degree Only" **until graduation fees have been paid.**
3. If you have entered a schedule or have completed registration for thesis/dissertation hours or a course, you must drop your schedule, before the Graduate Records Office can enter your degree only registration. Hence, you will not be considered an enrolled student once your degree only registration is completed.
4. Once the GS registers the student as Degree Only, he or she will receive an email requesting payment of the required diploma and commencement fees, completion of registration through his or her MYLSU account.

****Deadlines**:**

- **Degree Only candidate deadlines** are always before the degree candidate deadlines.
- **Degree Only theses/dissertations deadline** is always on or before the last day to add courses for credit.
- **Degree Only registration deadline** is always on or before the close of business on the last date to add classes for the semester of graduation.
- The deadlines for Degree Only are listed on the Graduate School Semester Calendar.

RESPONSIBILITIES

Student Responsibility:

It is the responsibility of each student submitting a thesis or dissertation:

- To be aware of and to adhere to all applicable US copyright laws
- To meet all published deadlines (as shown in Graduate School and University official calendars) for submission of theses and dissertations
 - To ensure that all required documents for graduation have reached The Graduate School in a timely way:
 - Application for degree
 - Final exam approvals
 - Provide review copies to committee members well in advance of committee meetings
- To ensure that the final document includes:
 - All committee revisions required as a result of the final defense
 - Committee chair approval after final revisions
 - All formatting required by The Graduate School
- To adhere to:
 - The LSU [Code of Student Conduct](#)
 - LSU [Policies and Procedures](#)
 - LSU rules for [Accountability](#) and [Academic Integrity](#)
 - [IRB](#) policies regarding research conduct
 - All Federal policies relating to research conduct

Committee Responsibility:

It is the responsibility of the student's major professor and advisory committee to ensure:

- That a thesis, dissertation, or monograph represents an original, identifiable, and sufficient individual effort of the candidate
- That the student receives timely and constructive feedback on documents submitted for review
- That the final document represents LSU standards with regard to the conduct of research and scholarly pursuits
- The School of Art digital image thesis requirement is submitted by the student by commencement day

Preparing and Submitting Your Document

Preparing the Document

During the Semester of Your Graduation

- *Schedule your defense as early in the semester as possible.* An early defense gives you sufficient time to format your thesis or dissertation for final submission according to these guidelines.
- Study these guidelines *early* in the semester to become aware of the Graduate School's specific requirements for formatting and submitting your document. *The Graduate School must approve the format of your document before you can graduate.* Review the guidelines periodically to keep them fresh in your mind. A document prepared according to the guidelines will be easier to read, will lend more authority to your words, and will be formatted appropriately for review by other scholars and future employers.

Immediately Following Your Defense

- You may call 225-578-2311 to schedule an appointment with a thesis/dissertation editor (Room 114, D. Boyd Hall). This 30-minute meeting is optional but is encouraged. The editor can advise you about your document's format prior to final submission. Editors cannot schedule appointments with you during the two weeks preceding or following deadlines for submission (*another reason to schedule your defense early in the semester*). Appointments with an editor are generally reserved for your graduation semester, although you are free to e-mail questions to gradetd@lsu.edu at any time.
- Each of these required forms must arrive at the Graduate School before you submit your thesis or dissertation:
 - A copy of the committee-signed approval sheets, sent by your department. Always check that the department has sent them.
 - Survey of Earned Doctorates (online, for doctoral candidates only)

Submitting the Document

Once you have made your committee's required revisions to your document and formatted it according to these guidelines, consult the checklist below and follow each step. Note: As of the fall semester 2017, Digital Commons has replaced the ETD Collection page formerly used for uploading and storing theses and dissertations.

- Convert your document to a pdf.
- Create an account on Digital Commons by going to digitalcommons.lsu.edu and then choosing the "My Account" option at the top of the page.
- Be aware of the following details as you fill in the information on Digital Commons:
 - Use the following file-naming protocol for your document:
 - Dissertation: your last name_diss.pdf
 - Thesis: your last name_thesis.pdf
 - Scroll through your document, checking it against your WORD document, because hidden codes can shift your text, add blank pages, and "un-format" tables and figures. Correct these issues before submitting.

- Enter your name as shown in the university records. The name is found on the LSU database (see your "[Graduate Milestones](#)" under the "Student Services" section in MyLSU).
- Type the title of your document in mixed-case, headline-style letters.
- Enter keywords to facilitate a reader's search for your document.
- Insert your abstract (no more than 350 words) in the space provided. Do not include any keywords in your abstract. They should appear only in the "Keywords" section of the submission page. The abstract must be identical to the one in your document. Note: Your document must contain only one abstract; none are permitted in individual chapters.
- Provide the full names of your advisory committee with the last name first, followed by a comma and the first name (e.g., Smith, John). Consult the LSU Graduate Faculty database (https://appj05.apps.lsu.edu/grad_faculty/viewByName) for full names. Do not use titles such as Dr., Mr., Ms., Mrs., assistant professor, associate dean, etc. Use the drop-down box provided on the submission page to indicate the faculty member's role on your committee. Also, you must provide your committee's email addresses.

Upon successfully submitting your document, you will be brought to a confirmation page. You will also receive an email confirming your submission. You can check your document's current status at any time by logging into your Digital Commons account.

An editor will check your document in order of submission and notify you by email if it requires formatting corrections. Check your email daily for editors' requests. Once you make the corrections requested by the editor, upload your revised document by logging into your Digital Commons account. **Click the link to your document under the Articles section, then click Revise thesis or Revise dissertation at the top left of the next screen. Scroll down to the Upload Full Text field and upload your revised document.** Once your document has been approved, you will receive a notice via e-mail

Notes of Caution Regarding Deadlines

- If you are unable to submit your document early enough to meet the Thesis/Dissertation Approval Deadline, but have completed all degree requirements, including final examinations, you must update the Application for Degree form to reflect the semester in which you intend to graduate.
- Deadlines for students who intend to be registered as Degree Only are different from those of others who are graduating. During your graduating semester, your thesis or dissertation must have been submitted to, *and approved by*, the Graduate School by the final day for adding a course in the semester of graduation. For that reason, please submit the document at least a week prior to the last day to add classes in order to provide editors adequate time to examine the document, request corrections, process your responses, and grant approval by the final day for adding a course. Once the document is approved, you will be registered.
- If continued research and writing is necessary, you must register for the appropriate number of hours of thesis or dissertation research.

Overall Formatting

Your computer software should be flexible enough to meet the requirements in this guide. *The inability to adjust your program does not relieve you from meeting format requirements.* Many students in science, engineering, and mathematics use LaTeX software. For information on LaTeX, see the Graduate School website, where you will find a link to a [template](#) partially adapted to comply with these guidelines. The template does not cover all the requirements described below, so you should adjust your LaTeX settings to be compatible with these guidelines.

Margins

- Margins of your document must be the same throughout, with no exceptions for wide tables and figures. In this situation, you may use landscape format on that page to address the problem. Suggested margins are one-half inch to one inch. Select one and use it for your top, bottom, left, and right margins on every page of your document.
- Margins may be either left justified or full justified (both left and right alignment). Using full justification often introduces large, unsightly spaces between words in its attempt to justify the left and right margins of a short line. Left justification usually permits you more flexibility.

Pagination

- The title page is the only unnumbered page in your document, even though it is (silently) page number i.
- All page numbers must be centered at the bottom of the page, at least one-half inch from the bottom of the page and a double space below the final line of text.
- All page numbers must be in the same font and point size as your text. Do not use boldface or italics.
- Number all front-matter pages in lowercase roman numerals, beginning with number ii on the page following your title page. Following your abstract, (the final page of front matter), begin numbering in arabic numbers, with page 1. Page 1 is usually the first page of your first chapter, introduction, or literature review. Arabic page numbers continue sequentially to the end of the document.
- On pages containing landscaped figures and tables, page numbers should also be part of the landscape format, centered below the table or figure.

Font, Boldface, Italics

- Use the same font throughout your document with the exception of words within figures, which you may have copied from a separate source.
- Widely known fonts such as Arial and Times New Roman are easier to read.
- Boldface is permitted only for main headings and subheadings
- Italics are permitted only in specific cases:
 - titles of journals and books
 - titles of musical or artistic works

- scientific terms in nonscientific contexts
- foreign words
- sparingly, for one- or two-word emphasis

Point Size

Use either 10- or 12-point type size throughout your document. Specific exceptions are:

- Your document title (on the title page) and the main headings (those that appear at the top of the first page of a main section of your document). These important headings may be increased up to 14 point font, but no larger.
- Text and data that appear in figures copied from other sources

Note: The LaTeX program sometimes produces documents with point sizes that do not conform to the standard. Please adjust settings to correct to the above requirements.

Spacing

Your document may be either single spaced or double spaced. Use the same spacing throughout.

- Always single space the following, even in a double-spaced document:
 - In the Table of Contents, single space every line *except* for the double space above all main headings (Abstract, Chapter 1, Bibliography, Vita)
 - In the text, single space long chapter titles, subheadings, figure captions, table titles, footnotes and endnotes, bibliography and reference entries longer than one line, and block quotations (remember to remove any quotation marks).
- Always double space the following, even in a single-spaced document:
 - Above each main heading listed in the Table of Contents
 - Above each table and figure title in the List of Tables and List of Figures
 - Between each entry in your bibliography, references, endnotes—not between footnotes.
 - Above and below each table or figure
 - Above and below each main heading and subheading

Problems with Spacing

- Do not use 1.5" spacing in place of a single space, or a triple space in place of a double space. These problems are common in LaTeX.
- Tables and figures, which must be woven into text, occasionally do not fill out a page. Simply use the next occurring text to fill in the resulting white space above or below the table or figure. That is, keep your text running above and below tables and figures, even if the text moves into a new section. Your only obligation is to place tables and figures soon after their first mention in text, but without halting the running text.

Problems at the Tops and Bottoms of Pages

- The material on every page of your document must begin at the top margin.
- Avoid beginning and ending your pages awkwardly.

- Begin and end each page with at least two lines of a paragraph. Use your program's setting to prevent the occurrence of an "orphan" or a "widow" (a paragraph-ending word or line of text that occurs at the top of a new page).
- Avoid ending a page with a subheading. Simply move the subheading to the following page. If you have a subheading near the bottom of a page, follow it by at least two lines of text, or else move it to the next page.
- Never separate figures or tables from their captions or titles, except as noted below.
 - If a table carries over to a second page, leave enough room at the bottom of the first page to place the parenthetical note (Table cont'd.). On the second page, repeat the table's column headings and continue the tabular material. If the table extends over several pages, repeat the parenthetical note and the column headings on each subsequent page.
 - If a figure carries over to a second page, place the figure caption below the portion of the figure that appears *on the first page* and leave room below the caption for the parenthetical note (Fig. cont'd.). Then continue the remainder of the figure on the second page.

Thesis Final Checklist

Complete the checklist below before uploading your thesis to LSU Digital Commons.

_____ Have you submitted your Application for Degree to the Graduate School?

_____ Has your department submitted your Master's Examination and Thesis Report (commonly called "approval sheets") to the Graduate School?

_____ Have you thoroughly proofread the manuscript?

_____ Are your name and thesis title identical on the title page, LSU Digital Commons submission page, and approval sheets?

_____ Have you checked main headings, subheadings, and page numbers against the Table of Contents?

_____ Have all table, figure, and page number changes been made in the lists of tables and illustrations?

_____ Do the table of contents, list of tables, and list(s) of illustrations reproduce, word-for-word, the headings, titles, and captions as expressed in the text?

_____ Does your thesis meet margin, font, and point-size requirements?

_____ If your thesis contains a substantial amount of material that you have previously published, does the publisher's permission to reprint appear in an appendix; and have you inserted acknowledgment of the permission on the first page of the relevant chapter(s)?

_____ Have you notified the Graduate School whether or not you will be attending commencement?

Most Frequent Errors

- Incorrect entry of document title on the Digital Commons submission site. Mixed-case, headline-style title is required.
- Incorrect entry of committee names on the Digital Commons submission site: Last name, first name is the form to use.
- Abstract longer than 350 words
- Incorrect title page format: Reproduce wording of each line, the exact spacing, and capital and lowercased words.
- Listings in the table of contents do not match what is actually in text.
- Listings in the list of tables and lists of figures do not match what is in text.
- Incorrect spacing: Only single and double spacing are permitted throughout--*not* triple spacing or 1.5 spacing.
- Inconsistent capitalization: Use either lowercase style or headline style consistently in main headings, subheadings, table titles, and figure captions.
- Incorrect formatting of bibliographical references: Single space each entry in a list of references, but double space between them; alphabetize entries; do not use an ampersand (&) in multiple-author references. .
- Incorrectly formatted Vita. It is not a curriculum vitae. The vita must be in third person. Do not list your full birthdate. Avoid stating that you will graduate with a master's degree or Ph.D. from LSU, which is made clear on the title page.

Required MFA Thesis portfolio guidelines

You will need to photographically document your thesis exhibition or hire someone who can document it for you. Portfolios should contain 7–12 images that represent the individual pieces within your thesis exhibition and installation views of the gallery during the run of your show.

How to save your image files

Each image should be saved in two file formats:

1. Please save a larger version of each image file as TIF in RGB format at 300dpi with minimum dimension of 2400 pixels on the longest side.
2. Then save a second version of each image for website use as a JPEG file in RGB format at 300 dpi with minimum dimension of 1500 pixels on the longest side.

Please save each file in the following format:

LastName_Firstname__yearofgraduation_01

Once you have all of your files, please organize the files into two folders—one for the TIFs and one of the JPGs.

Wilson_Daniel_2016_JPGS

Wilson_Daniel_2016_TIFS

Please make sure that the information on the corresponding image description sheet (next page) is accurate for the way the files are numbered.

Complete the data on the next page and save that as a Microsoft Word document. The image file folders plus the Microsoft Word document should be submitted together to the chair of your committee at the close of your exhibition.
